Dear the participant:

Thank you very much for attending the 5th Japan-Korea-China Bioinformatics Training Course. We hope the course will be helpful for your future careers in bioinformatics.

With best regards,

The organizing committee of the 5th Japan-Korea-China Bioinformatics Training Course

The photo that we took together on the final day ([Photo Gallery](#))

Organized by the Center for Information Biology and DDBJ ([CIB-DDBJ](#)) at the National Institute of Genetics and the Korea Research Institute of Bioscience and Biotechnology ([KRIBB](#)).

Supported by the Japan Science and Technology Agency ([JST](#)) and Shanghai Center for Bioinformation Technology ([SCBIT](#)).

- **Venue:** National Institute of Genetics, Mishima, Japan
- **Dates:** March 14th to March 17th, 2006
- **Trainees:** Ten trainees from each of the three countries, 30 in total.
- **Language:** English

Lecturers:

Japan Prof. Takashi Gojobori [NIG](#) *1
 Prof. Yoshio Tateno [NIG](#) *1
 Prof. Naruya Saitou [NIG](#) *1

Korea Prof. Sangsoo Kim [Soongsil University](#)
 Prof. Julian Lee [Soongsil University](#)
 Adjunct Prof. Jae-Min Shin [Soongsil University](#)

China Prof. Yang Zhong [Fudan University](#)
 Assoc. Prof. Zhi-wei Cao [SCBIT](#) *2
 Assoc. Prof. Lu Xie [SCBIT](#) *2

Singapore Mr. Darran Nathan [APBioNet](#) *3
Thailand Dr. Wasna Viratyosin [BIOTEC](#) *4
Indonesia Ms. Susan Soka [Universitas Katolik Atma Jaya](#)

Announcement

We are pleased to announce that "The 5th Japan-Korea-China Bioinformatics Training Course" will be held at the Center for Information Biology and DNA Data Bank of Japan (CIB-DDBJ) at the National Institute of Genetics (NIG) in March 14-17, 2006.

If you wish to participate in this training course as a trainee, please apply now (see below for application) ! The number of Japanese trainees is limited to 10. The trainee is expected to be either a graduate student or a postdoc in bioinformatics or its related field in addition to being fluent in English. The deadline of the application is February 20.

The successful applicant is covered with travel expenses including train tickets, lodging and meals. He/She is also provided with a PC linked with Internet during the course.

 **Application:** (closed)

Program

Tuesday, March 14:

14:00- Registration
 17:00 W202 CIB-DDBJ Bldg., NIG
 18:00- Opening ceremony, Reception
 20:00 Mishima Plaza Hotel

Wednesday, March 15: Lectures and Practices

08:00- Protein-Protein Interactions
 10:30 **Zhi-wei Cao**
 10:30-13:00 Protein Structure Prediction
Julian Lee
 13:00-14:00 Lunch
 14:00-16:30 PDB-Ligand for Drug Design
Jae-Min Shin
 16:30-17:00 Break
 17:00-19:30 Fundamentals of Molecular Evolution
Naruya Saitou

Thursday, March 16: Lectures and Practices

08:00-10:30 MALDI-TOF Mass Spectrometry Data Analysis: tools and application
Lu Xie
 10:30-13:00 Microbial Data Analysis
Yang Zhong
 13:00-14:00 Lunch
 14:00-16:30 Fundamentals of Population Genetics
Yoshio Tateno
 16:30-17:00 Break
 17:00-19:30 Fundamentals of Genome Analysis
Takashi Gojobori

Friday, March 17: Lectures and Practices

08:00-10:30 DNA Microarray Gene Expression Analysis
Sangsoo Kim
 10:30-12:00 Bioinformatics in South Asia
Darran Nathan
Wasna Viratyosin
Susan Soka
 12:00-14:00 Lunch and Closing ceremony
 14:00- Farewell

 **Application:** (closed)
