Organized by the Center for Information Biology and DDBJ ([CIB-DDBJ](#)) at the National Institute of Genetics and the Korea Research Institute of Bioscience and Biotechnology ([KRIBB](#)).

Supported by the Japan Science and Technology Agency ([JST](#)) and Shanghai Center for Bioinformation Technology ([SCBIT](#)).

- **Venue:** Shanghai Jiaotong University, Shanghai, China
- **Dates:** March 27th to March 30th, 2007
- **Trainees:** Ten trainees from each of the three countries, 30 in total.
- **Language:** English

Announcement

We are pleased to announce that "The 6th Japan-Korea-China Bioinformatics Training Course" will be held at Shanghai in March 27-30, 2007.

If you wish to participate in this training course as a trainee, please apply now (see below for application) ! The number of Japanese trainees is limited to 10. The trainee is expected to be either a graduate student or a postdoc in bioinformatics or its related field in addition to being fluent in English. In addition, the trainee is required to be the passport holder, which is valid more than 6months at the point of the training course. The deadline of the application is January 31, 2007. The successful applicant is covered with travel expenses including train tickets, lodging and meals. He/She is also provided with a PC linked with Internet during the course.

 **Application:**(Closed)
