

Japan-Korea Bioinformatics Training Course

Dear the participant:

Thank you very much for your participation in the Japan-Korea Bioinformatics Training Course. We hope that the participation in the training course will be beneficial for your future career. We appreciate your understanding and cooperation to DDBJ.

Sincerely yours, The organizing committee of the Japan-Korea Bioinformatics Training Course

- Date: March 15 March 18, 2002
- Place: Center for Information Biology and DNA Data Bank of Japan, National Institute of Genetics (NIG)
- Official language: English
- Number of trainees: 15 (Japanese and Korean together)

Announcement

We are so pleased to inform you that "Japan-Korea Bioinfomatics Training Course" is held at the Center for Information Biology and DNA Data Bank of Japan (CIB-DDBJ) in National Institute of Genetics on March 15-18, 2002. Attached please see a separate sheet for more detailed information.

If you are interested in participating in this training course, please apply it now! Since the number of participants is limited to about 10 Japanese and 5 Korean students, the participants will be accepted on the basis of the first come the first service. Send your application to the following email address: nmurakat@genes.nig.ac.jp.

Objective

It has been agreed at the Japan - Korea Science and Technology Forum (J-K STF) held in Seoul in 2001 that both countries should collaborate to hold a bioinformatics training course in order to educate young Japanese and Korean students in this field. On the basis of this agreement, we will hold the Japan - Korea Bioinformatics Training Course at the Center for Information Biology and DNA Data Bank of Japan as one of the training course series, Terakoya (a private school of the Edo period). We hope that this will be the first step toward the establishment of training and exchanging mechanisms of views and people in bioinformatics in Asian countries.

Program

March 15 (Friday) 2002	
18: 00 - 19: 00	Opening ceremony 18: 00 - 18: 15 Introduction Dr. Takashi Gojobori (NIG) 18: 15 - 18: 30 Greeting from J-K STF Dr. Yuji Kohara (NIG) 18: 30 - 19: 00 Orientation
19: 00 - 20: 30	Reception
March 16 (Sat	urday)
08: 30 - 10: 15	Lecture I: Bioinformatics from view point of biology Dr. T. Gojobori
10: 15 - 10: 30	Break
10: 30 - 12: 15	Lecture II: Functional genomics Dr. Ju Han Kim (Professor, Seoul National University Medical School)
12: 15 - 13: 30	Lunch
13: 30 - 15: 15	Lecture A: Current status of Bio-databases Dr. Satoru Miyazaki (NIG)
15: 15 - 15: 30	Break
15: 30 - 17: 00	Practice A: Dr. S. Miyazaki (NIG)
18: 00 - 19: 30	Dinner
19: 30 - 21: 00	Review
March 17 (Sui	nday)
08: 30 - 10: 15	Lecture B: Bioinformatics in functional genomics Dr. Yoonsoo Hahn (KRIBB)
10: 15 - 10: 30	Break
10: 30 - 12: 15	Practice B: Dr. Y. Hahn
12: 15 - 13: 30	Lunch
13: 30 - 15: 15	Lecture C: Bioinformatics and genome science Dr. Kenta Nakai (University of Tokyo)
15: 15 - 15: 30	Break
15: 30 - 17: 00	Practice C: Dr. K. Nakai
18: 00 - 19: 30	Dinner
19: 30 - 21: 00	Review
March 18 (Mo	<u> </u>
08: 30 - 10: 15	Lecture D: Bioinformatics and DNA Data Bank of Japan Dr. Yoshio Tateno (NIG)
10: 15 - 10: 30	Break
10: 30 - 12: 15	Practice D: Dr. Kaoru Fukami (NIG)
12: 15 - 12: 45	Closing ceremony
12: 45 - 13: 45	Lunch
13: 45	Dispersing
